RE: Project Amendment PIN 176153 - Bundled Bridge Preservation Projects
CR61 (BIN 3306370) over Batten Kill, Towns of Greenwich & Jackson
and CR153 (BIN 3305810) over White Creek, Town of Salem (*formerly PIN 176154*)

Mr. Frankenfeld,

We respectfully are submitting the proposed TIP project amendment to the above referenced projects for consideration by the Planning Committee at its next scheduled meeting.

TIP Project Numbers: PIN 176153

The amendment is proposed due to the following:

- Scope Change
- Cost Change
- Schedule Change

Explanation:

Due to the age of Batten-Dugan structure, built in 1916, single lane width restriction, height restriction of 10 ft, load rating of 20 tons, the last major rehab in 2000 with the history of numerous structural flags since, we believe total replacement is warranted. Additionally, we are requesting removing CR153 (BIN 3305810) over White Creek in the town of Salem from the bridge preservation program. As a stand-alone project, this would be rather small and can be handled by County forces & funding.

Proposed Schedule Request (bridge replacement)

CR61 (3306370) over Batten Kill, Towns of Greenwich/Jackson

<u>PHASE</u>	<u>\$ in MILLIONS</u>	<u>PROGRAM (FFY)</u>
